Georgia SoftWorks (GSW), developer of the GSW [Telnet Server for Windows](#) and [SSH Server for Windows](#), visited the Modex 2014 Supply Chain Conference on Wednesday, March 19. Containing over 800 exhibitors, Modex 2014 provided attendees access to the latest manufacturing and supply chain equipment and technologies.

“Our [Telnet Server](#) and [SSH Server for Windows](#) is frequently used in the supply chain industry. Modex is a great place for networking and gaining insights on the latest industry advancements,” said Doug Hitchcock of Georgia SoftWorks.

Located at the Georgia World Congress Center in Atlanta, GA, Modex provides networking with professionals in the manufacturing, distribution and supply chain industries. Attendees include executives in the related fields, manufacturing and production managers, IT, logistics and supply chain directors, warehouse managers and more.

“We had an exhibit in the 2012 Modex Show,” said Hitchcock. “We developed a substantial amount of business relationships through Modex and going back this year helped us reconnect with some and also create new relationships.”
