

Georgia SoftWorks Subscription Plan

- ✓ Access to Free version upgrades
- ✓ Reduced administrative time
- ✓ Session Upgrades at a savings
- ✓ Priority Technical Support
- ✓ Renewable at the end of plan

Features and Benefits

Unlimited Access to updates and new releases

- You may install and run any version of the software that has a release date prior to the Subscription expiration date.
- Download and install updates and new releases at any time.
- Without the Subscription a Version Upgrade will cost is 50% to 90% of the original license cost.

Priority Technical Support

- Your inquiry to GSW Technical Support is placed at the top of the Technical Support queue.
- Voicemail to GSW Technical Support is monitored during GSW off-hours.
- Remote Technical Support Service provided to Subscription holders via Citrix's GoToAssist.
- Valuable wait-time is reduced.
- Quicker response time to Subscription holders.
- High value without additional costs.

Reduced administrative time

- GSW Subscribers are not required to interface with GSW to purchase or conduct upgrades of the software.

Renewable at the end of the plan

- GSW Subscribers are notified of any impending expiration date and offered an opportunity to renew the Subscription prior to its expiry date. Requalification is not required.
- Your Purchase Order for renewal must be received by GSW prior to Subscription expiration.

Discounted pricing on Session Upgrades

- Receive a \$100 discount on any purchase of a Session Upgrade to the license.
- The discount is applied to the amount that would be charged were you without a Subscription.

Qualifications for purchase

- The Subscription must be purchased within 60 days of the initial license purchase.
- If no Subscription is purchased during this period or if the Subscription lapses for non-renewal you will be required to purchase a Version Upgrade in order to purchase or reinstate a Subscription.

NOTE: Features and Benefits of the GSW Subscription Plan are subject to change without notice.
