

Georgia SoftWorks Telnet Server For Windows NT/2000/XP

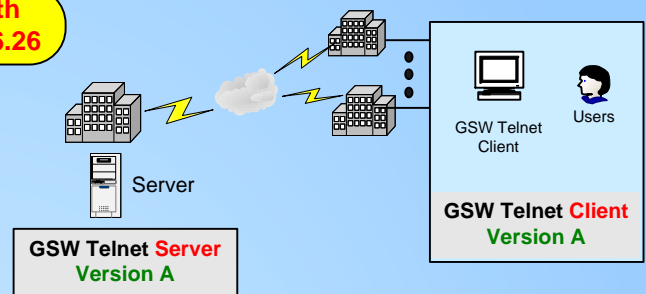

Georgia SoftWorks
17 Hwy 9 South
PO Box 567
Dawsonville GA 30534
USA

Always use the matching version of the Georgia SoftWorks Telnet Client with the Georgia SoftWorks Telnet Server.

Feature: Automatic Update of the GSW Telnet Client

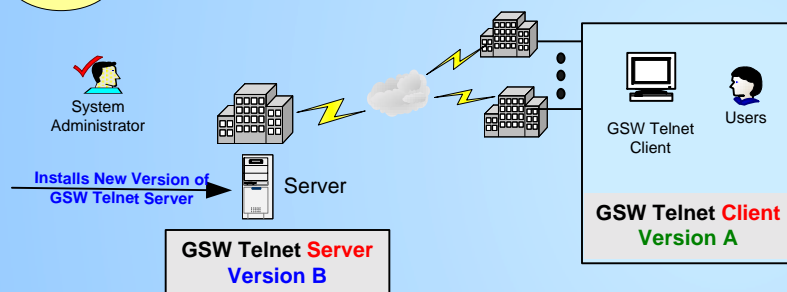

New with
Version 6.26

- 1 Current version of the GSW Telnet Server and GSW Telnet Client is installed throughout your enterprise.

- 2 Georgia SoftWorks releases a new version of the GSW Telnet Server and Client with powerful features!

- 3 System Administrator Installs New Version on Server

At this point the GSW Clients are not the same version as the GSW Telnet Server.

ASP **System Administrators** **Leagacy**

No Hassle. Non-Time Consuming Client Upgrades

System Administrators

No travel to Remote Sites to Update GSW Telnet Client

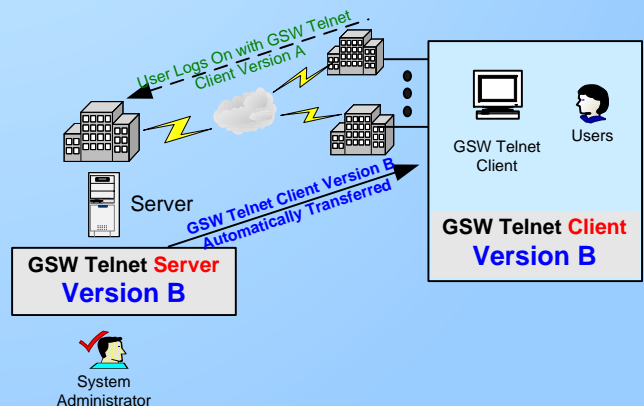

No "Walking/Talking" End Users through Client Version Upgrades

No long nights transferring files to remote computers for Telnet Client upgrades

- 4

The next time each user connects to the GSW Telnet Server:

1. The GSW Telnet Server recognizes that the Client Version is different than the Telnet Server Version.
2. The GSW Client is automatically transferred to the Client Computer and the session is restarted with the matching GSW Telnet Client!
