

Software Registration

To run the Georgia SoftWorks UTS Server for Windows you must first register the software. *(This registration is NOT required if you purchased the Floating License. Page 15)* This entails just a few steps that involve obtaining the Product ID and providing this Identification to Georgia SoftWorks so a **Serial Number** can be generated. - **NOTE:** Read System Signature chapter at the end of manual.

How to Register the Software

To run the registration software either -

1. Click on the Registration Shortcut in the GSW UTS program group **OR**
2. Select the *Start* button on the task bar, select *Programs*, then *Georgia SoftWorks UTS* and then *Registration*.

The registration screen is displayed. The Registration software automatically fills in the Product Information fields as show in Figure 20. Complete the Customer Information fields as shown in Figure 21.

1. The registration information must be provided to Georgia SoftWorks to obtain the Serial Number. Several methods are available for your convenience.

- a. Save the information to a file and email it to Georgia SoftWorks - *Preferred method.*

OR

- b. Print the information and Fax it to Georgia SoftWorks

2. Please save (using the **Save to file** button on the registration screen) this information to a file and email to Georgia SoftWorks registration@georgiasoftworks.com

OR

Please print (using the **Print** button on the registration screen) this information and fax to Georgia SoftWorks - 706.265.1020

Once Georgia SoftWorks receives the information, we can generate a Serial Number on demand. We will reply back via Fax or email. You may close the registration program at this time.

- When the Serial Number is provided Run the Registration Program again and enter the Serial Number. The easiest method to get the serial number is to highlight the returned Serial Number and copy (ctrl-c). Then position the mouse in the Serial Number field in the Registration Information box and paste (ctrl-v).
